

About the Program

A Diploma in Development Studies and Project Management in KeMU is a vital program for Kenya's future, addressing the nation's urgent need for skilled development professionals who can contribute to tackling its complex social, economic and environmental challenges. The program's emphasis on practical skills, community engagement and sustainability directly supports national development goals, including poverty reduction, youth employment, and the achievement of the Sustainable Development Goals (SDGs).

Entry Requirement

The minimum academic entry requirement for this diploma course is grade C Plain, or C- with a from recognized institutions, or equivalent qualifications. All applications are considered individually.

Mode of Delivery

The following three modes of study shall apply:

1. Face to face mode of study
2. Part time mode
3. Blended mode
