

DEPARTMENT OF PUBLIC HEALTH, NUTRITION AND DIETETICS

COURSES ON OFFER - YEAR 2024 (Sept-Dec)

CONTINUING STUDENTS

BSC HUMAN NUTRITION AND DIETETICS	
YEAR ONE	
Unit Code	Unit Title
ENVI 201	Environmental Science
BHND 211	Physics
BHND 212	Human Physiology
BHND 213	Organic Chemistry
BHND 214	Micronutrients
BHND 215	Nutrition Anthropology
YEAR TWO	
Unit Code	Unit Title
BHND 311	Nutrition in the Life Cycle
BHND 312	Maternal and Child Nutrition
BHND 313	Meal Planning, Management and Service
BHND 314	Therapeutic Dietetics
BHND 315	Nutrition Assessment
BHND 316	Biostatistics
BHND 330	Attachment I
YEAR THREE	
Unit Code	Unit Title
BHND 411	Food Biotechnology
BHND 412	Primary Healthcare
BHND 413	Nutrition Epidemiology
BHND 414	Nutrition Surveillance
BHND 415	Nutrition Education and Counselling
BHND 416	Food Experiments
YEAR FOUR	
Unit Code	Unit Title
BHND 440	Attachment II

BHND 441	Students Project
BSC COMMUNITY HEALTH	
YEAR ONE (Registration number ending 1/2024 or 2/2024)	
COMPULSORY UNITS	
Unit Code	Unit Title
CHTU 134	Human Anatomy and Physiology
CHTU 131	Introduction to medical Microbiology
CHTU 211	Introduction to medical sociology and anthropology
CHTU 213	Foundations and principles of community health
THEN SELECT TWO FROM THE ONES BELOW	
Unit Code	Unit Title
COMP 100	Computer Applications
CHTU 121	College mathematics
THEO 111	Christian beliefs
COMM 111	Communication Skills
FOR THOSE WHOSE REGISTRATION NUMBER ENDS WITH 1/2024 you may already have covered the above courses. So you can select from the ones below	
Unit Code	Unit Title
CHTU 132	Behavior change communication
CHTU 223	Principles of Epidemiology
YEAR TWO (Registration number ending 1/2023 or 2/2023 or 3/2023) FIRST ensure that you have covered ALL the above Year ONE courses that are now on offer. Then select from the ones below	
Unit Code	Unit Title
CHTU 221	Health Promotion I
CHTU 215	Introduction to non-communicable disease prevention and control
CHTU 222	Medical demography
CHTU 223	Principles of Epidemiology
CHTU 226	WASH
CHTU 224	Health management information systems
YEAR THREE (Registration number ending 1/2022 or 2/2022 or 3/2022) FIRST ensure that you have covered ALL the above Year ONE & Year TWO courses that are now on offer. Then select from the ones below	
Unit Code	Unit Title

CHTU 315/EHSU 315	Research Methods and Research Proposal Development
MATH 231	Biostatistics
CHTU 312	Health promotion 2 (MUST HAVE DONE HEALTH PROMOTION 1)
CHTU 314	Community health Strategy
CHTU 335	Introduction to Medical Education
YEAR FOUR (Registration number ending 1/2021 or 2/2021 or 3/2021) FIRST ensure that you have covered ALL the above Year ONE, Year TWO & Year THREE courses that are now on offer. Then you can apply to go for attachment	
Unit Code	Unit Title
CHTU 321	Field Attachment /Practicum
CHTU 322	Research Project
BSC. ENVIRONMENTAL HEALTH	
YEAR TWO (Registration number ending 1/2023 or 2/2023 or 3/2023)	
<p>students need to confirm that any year one courses that are now on offer that they may have missed to do are done before proceeding to year TWO courses</p> <p>Courses that are now on offer that they may not have done but are on offer are – Ehsu 131 – Medical Microbiology Ehsu 137 – principles of environmental biology Ehsu 134 – Introduction to Human Anatomy and Physiology Ehsu 223 – Principles of Epidemiology EHSU 133 Principles of Physics</p>	
Unit Code	Unit Title
EHSU 211	Entomology and Pest management (MUST HAVE DONE EHSU 135)
EHSU 214	Anatomy and Physiology of Food Animals
EHSU 224	Health Management Information Systems
EHSU 226	Water Supply and Quality Control
EHSU 233	Land Development and Settlement Management
EHSU 340	Biotechnology and Health
YEAR THREE (Registration number ending 1/2022 or 2/2022 or 3/2022)	
Unit Code	Unit Title
EHSU 317	Health Promotion Strategies

EHSU 222	Animal Pathology and Meat Inspection (must have done EHSU 214)
EHSU 227	Environmental Impact Assessment
EHSU 337	Environmental Health Education
EHSU 332	Port Health Management
THE BELOW UNITS MUST BE TAKEN TOGETHER	
EHSU 315	Research Methods and Proposal Development
MATH 231	Biostatistics
Then FIELD ATTACHMENT ONE: Pre – requisites AS SHALL BE ADVISED	
FIELD ATTACHMENT TWO: Pre-requisites – AS SHALL BE ADVISED	
Research Project Pre-requisites	
EHSU 321	Field Attachment ONE
EHSU 32????	Field Attachment TWO
EHSU 322	Research Project
BSC.PUBLIC HEALTH	
YEAR ONE (YOUR REG NUMBER ENDS WITH 1/2024 OR 2/2024)	
Unit Code	Unit Title
BSPH 126	Human Anatomy and Physiology
BSPH 214	Ecology and Health/ Conservancy and Drainage
BSPH 222	Microbiology
BSPH 123	Physics for Environmental Health
COMPULSORY IF YOU HAVE NOT ALREADY DONE IT	
BSPH 122	Laboratory Methods for Environmental Health
SELECT A MAXIMUM OF TWO FROM THE ONES BELOW	
COMP 100	Computer Applications
BSPH 112	Applied technical mathematics
Theo 111	Christian Beliefs
BSPH 111	Communication For Health Professionals
FOR THOSE WHOSE REGISTRATION NUMBER ENDS WITH 1/2024 you may already have covered the above courses. So you can select additional courses from the ones below	
BSPH 233	Land development and settlement (as your first choice)

BSPH 314	Epidemiology
----------	--------------

MSC. HUMAN NUTRITION

Unit Code	
MSHN 511	Clinical Nutrition
MSHN 512	Nutrition in the life Cycle
MSHN 513	Nutrition Assessment
MSHN 514	Nutrition Epidemiology
MSHN 523	Research Methods

THOSE WHO HAVE COMPLETED COURSE WORK

MSHN 571	Field Attachment
MSHN 572	Thesis

MASTER OF PUBLIC HEALTH (MPH)

Unit Code	Unit Code
PHCG 521	Social Determinants of Health
PHCG 522	Research Methods
PHCG 523	Health project Management and Evaluation
PHCG 524	Disaster and Emergency Preparedness and Management
PHCG 525	Health Economics and Policy

THOSE WHO HAVE COMPLETED COURSE WORK

PHCG 540	Seminars , Filed work and Case studies
PHCG 541	Thesis
