## OUR CHIEF GUEST

**Hon. Justice Martha Koome EBS**

Chief Justice and President of The Supreme Court of Kenya

## Fight for your dreams and goals as you step out into a different world

I join in congratulating the members of the Kenya Methodist University's 2021 Graduating Class. In you, we have a new generation of professionals and innovative leaders who will contribute to social transformation not only in your workplaces but also within the communities where you live.

Graduation is a pivotal moment in your life as it marks the transition from the previous learning phase to the next stage of building a career in your area of learning or interest. Speaking from my own experience, it is for certain that you will encounter unpredictable bends, turns and curves in your career journey. This is the ebb and flow of life and I am certain you have been equipped with the requisite attributes of drive, persistence, and resilience that will help you navigate through such challenges.

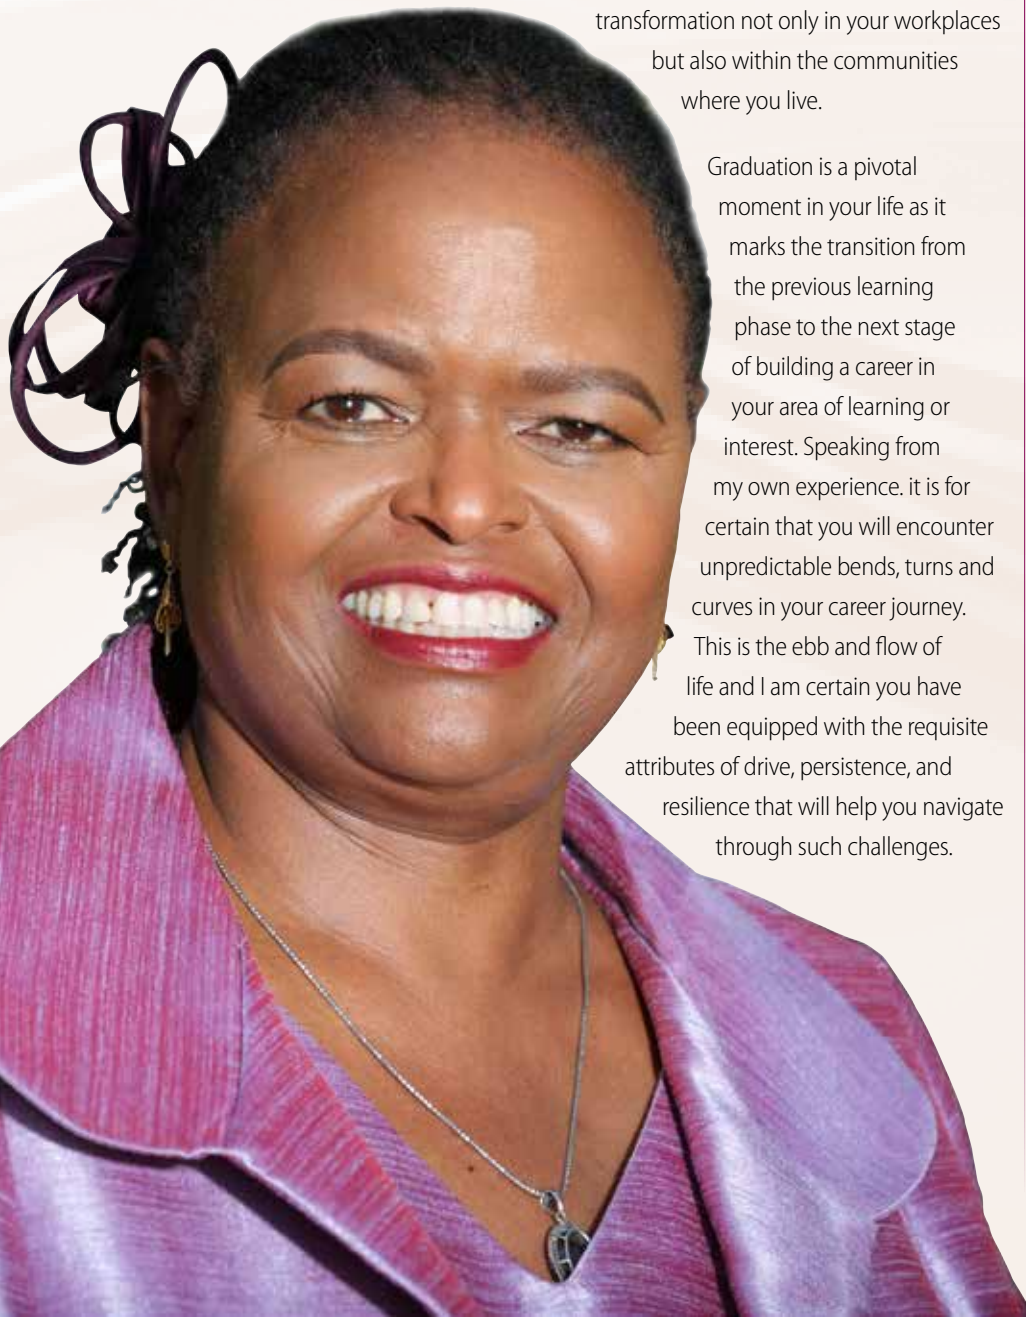

You are privileged to have received a world-class Christian based education that has equipped you with values such as honesty, empathy, integrity, hard work, and diligence in addition to technical skills and knowledge. It is these values that will inform your sense of right and wrong and will also have the greatest bearing on your decisions. I therefore urge you to hold fast to them as they are the sure route to having a positive impact in your workplaces, industry and the society.

The resilience and sacrifice you have shown in your studies, especially in the wake of the Covid-19 pandemic, shows that you have the ability and capability to surmount any challenge you will face along the way. Thus, I am confident you are well prepared to fight for your dreams and goals as you step out into a different world.

It is with utmost joy and pleasure that I join the KEMU fraternity, your families, friends and all well wishers to offer my hearty congratulations to the 2021 Graduating Class!

**HON. JUSTICE MARTHA K. KOOME, EBS**

Chief Justice &amp; President of The Supreme Court of Kenya

## MESSAGE FROM HONORIS CAUSA RECIPIENT

### Dr. Richard J. Teal

Ex-President of the Methodist Conference  
Superintendent Minister

**C**hancellor, members of BoT, Council, Senate, staff, graduates and Students here present. As the Ex-President of the Methodist Conference of Great Britain, I send you the very good wishes of the sisters and brothers in our Conference to the Methodist Church in Kenya and especially to the University.

Kenya Methodist University has done me a very great honour by granting me a degree of doctor of Divinity and Leadership, honoris causa.

I visited the University in 2020 where I was received most graciously by many of you. Whilst I was there, I visited the university library in main campus, where many of the books had originated from Wesley College, Bristol in Great Britain, the very college I trained at in the late 1970's. That was a very precious moment.

I am delighted that the institute of Wesleyan Theology and Leadership at

Kenya Methodist University has made more than a beginning and has admitted its first students. There will be further developments to come. Education, like any Institution is not for itself it is for those who will be formed and shaped to be the leaders of the future both in the Church and in the World.

I cannot be with you today in person due to the Covid 19 restrictions, but I look forward to being able to visit the University once those restrictions are fully lifted. I am humbled by your most gracious honour and I will never forget your generosity, kindness and affirmation.

With every blessing,

Kindest regards

*Richard J. Teal*

Ex-President of the Methodist Conference  
Superintendent Minister

## CHANCELLOR'S GOODWILL MESSAGE

**Rev. Joseph Ntombura Mwaine** BA (Hons.), MA Th (Cantab)  
Chancellor, Presiding Bishop, MCK & President Africa Methodist  
Council

# Holistically Prepared for Innovation with Integrity in Service

Holistically Prepared for Innovation with Integrity in Service.

I am delighted to welcome all of you to this jubilant occasion at our university today. On behalf of the Methodist Church in Kenya, the board of trustees, the University Council and on my own behalf, I congratulate all the 2021 graduands during this 201st graduation

ceremony of Kenya Methodist University.

Glory be to the Almighty God for enabling you attain this enormous achievement.

My remarkable salutation and appreciation goes to the members of faculty, administration staff as well as all those who have sacrificially contributed to the total preparedness of our students during their journey as they studied at KeMU amidst many challenges.

***“We are releasing you today and as you venture into the next phase of life, always remember that you are not alone”***

I wish to sincerely commend your parents, spouses, family members and other relatives, friends as well as fellow students for the unwavering support towards this attainment without whom, this success could not have been achieved.

To the Methodist Church, the Board of trustees, the University council and all the other organs of the university, I applaud you for your tireless efforts to ensure that our graduands are holistically empowered through quality education to fit in our world that is dynamically changing in all aspects of life

Our theme for this year is, “Addressing Emerging Challenges in the 21st Century Through Technology Backed Holistic Education”. Take note that Kenya Methodist University has fashioned you as all-inclusive leaders, endowed with knowledge that will strategically place you beyond national, regional and global life challenges. I therefore must remind you that the competences and skills you have acquired are highly developed and technologically fitting, presenting you with opportunities for multitalented expansion in all spheres of life.

I have confidence in you that you can re-create the world with the aim of constructing a new Kenya where affluence, peace, integrity, love, veracity and innovation becomes the norm. As Kenya Methodist University, we will always be gratified to see you apply the skills and knowledge in realizing the divine purpose and will that God intended for you.

We look forward into growing our relationship beyond today, even as you serve as KeMU ambassadors wherever you will be. We are releasing you today and as you venture into the next phase of life, always remember that you are not alone because God will be present to give you strength, power, success and protection as He presents you with a great hope and a bright future. Therefore, "Commit your work to the Lord, and your plans will succeed" (Proverbs 16:3)

### **CONGRATURATIONS!!**

## To our graduating students, we say bravo!

I want to start by appreciating our parents, students, guardians and other stakeholders for the confidence they have bestowed on our university and for offering us the opportunity to mould the youths into mature transformational leaders in line with our philosophy and vision. The Kenya Methodist University believes in bringing up a holistic and rounded individual who can maneuver through issues and fit in any part of the world as a global citizen.

To enable us do this, we have deliberately invested our energy and resources in our resolve to train and churn out well baked graduates to face emerging challenges in the future. We unreservedly appreciate all our stakeholders and partners in advancing this course.

Today, I am pleased to witness this graduation ceremony as we churn out yet another crop of well-grounded graduands who have acquired wisdom not only on their subject area of study but in general life skills that will propel them to the world and enable them be conquerors. The current crop of graduands is particularly special in that they have had to study under fairly difficult

circumstances brought about by the COVID -19 pandemic and have emerged victorious. I therefore take this opportunity to sincerely congratulate them for this.

As the Board of Trustees of the University, we are very much aware of the challenges facing the institution and are working towards establishing a long-term solution. Congestion in some of our tuition facilities especially where we are required to keep social distances and observe other Ministry of Health protocols, is of particular concern. We have already embarked on additional infrastructure in order to ease the congestion and provide suitable learning environment for our students.

Additionally, we have modernized some of our accommodation and transport facilities while soliciting funds for improvement of others. I particularly want to mention the major project occupying our mind currently, which is provision of a multipurpose, multilevel tuition block to take care of students' laboratories, preparation rooms, lecturers offices and lecture rooms/auditoria. Towards achieving the multipurpose tuition block,

## MESSAGE FROM THE CHAIRMAN

we have organized a major fundraising slated for March/April 2022 in which we expect to raise substantial amounts of money to the tune of two hundred millions shillings to achieve this project. In the lead-up to this fundraising, we have organized preliminary functions like the dinner slated for early December 2021 to which most of us have been invited. I know both staff, students, university governance organs, alumni and other stakeholders are all aware of the plans we are having and are adequately preparing to support the same.

We intend to remain focused on our goals and aspirations as captured in our Strategic Plan 2018-2027. Towards this, we are committed to doing what is possible from time to time and calling on all our stakeholders to render the requisite support to our call.

I sincerely wish to congratulate our graduands and wish them great success in their future endeavors as they face the world and become our ambassadors and truly successful global citizens. Congratulations and may God's blessing follow you all the days of your lives.

## Take up leadership positions as they come and influence the world for the better.

On behalf of the University Council, I graciously welcome our Chief Guest, Hon. Martha Koome, Chief Justice of the Republic of Kenya and president of the Supreme Court to this 21st graduation ceremony in our university. We are privileged to have you grace this auspicious occasion and honored by your presence today.

May I also take the opportunity to congratulate the graduands of class 2021 and the university staff and Management for working very hard in the midst of a pandemic to make this occasion possible. I particularly wish to thank the parents, guardians and sponsors for their role in providing financial support and other resources, which have gone a long way to enable the journey ending today possible. The University will today Honor Revered Dr. Richard Teal of the Methodist Church, UK, in recognition of his contribution to world through his service to humanity in line with the

university mission and vision.

There are many emerging issues in our environment today that require proactive engagement at all levels to be able to deliver quality market driven education in our institutions of higher learning the world over. The university Council recognizes this and has laid down mechanisms to support the university Senate and Management for timely implementation of programs, strengthening human resource and provision of policy guidance to remain relevant and competitive. These and other efforts from other stakeholders have ensured that graduates from KeMU are well trained individuals who would contribute to the leadership in all sectors of our economy and beyond.

Kenya Methodist University has continued on its excellence path, even during this period

when we have to adjust to the COVID 19 'new normal' and we are today proud to release new champions in the medical profession, sciences and technology, business and education, who are well prepared to offer transformational leadership in these areas. Our staff and students have continued to participate in research and community service, in furtherance to the reason of our existence to provide solutions to our local and global communities.

Once more congratulations to class 2021 graduands for the hard work, patience, resilience and excellence that has today paid off. Go now and change the world for the better beginning with your local village or workplace. Take up leadership positions as they come and influence the world for the better. Remember those who have stood by you, and remain true to God's call for service.

## MESSAGE FROM THE CHAIRMAN

## MESSAGE FROM THE VICE CHANCELLOR

# Holistically Nurtured

**C**ongratulations to the class of 2021, Indeed, today is the culmination of what I trust has been a challenging but also a very rewarding experience. Graduating in the midst of a global pandemic isn't a mean feat. This pandemic disrupted our lives. But we are proud that together we overcame the challenges, and now, we release you from the University as more competent individuals who are holistic nurtured and ready to transform the world.

Today we join you in celebrating your deserved intellectual achievements. At KeMU, we not only offer intellectual skills; you have also matured emotionally, socially and I trust spiritually as well. I am sincerely happy that holistic education, values and principles instilled along the way will serve you well throughout your life.

I call on each one of you to reflect on this year's theme: "Addressing Emergent Challenges in the 21st Century through Technology backed Holistic Education". The world is in need of creators and innovators who will help in providing

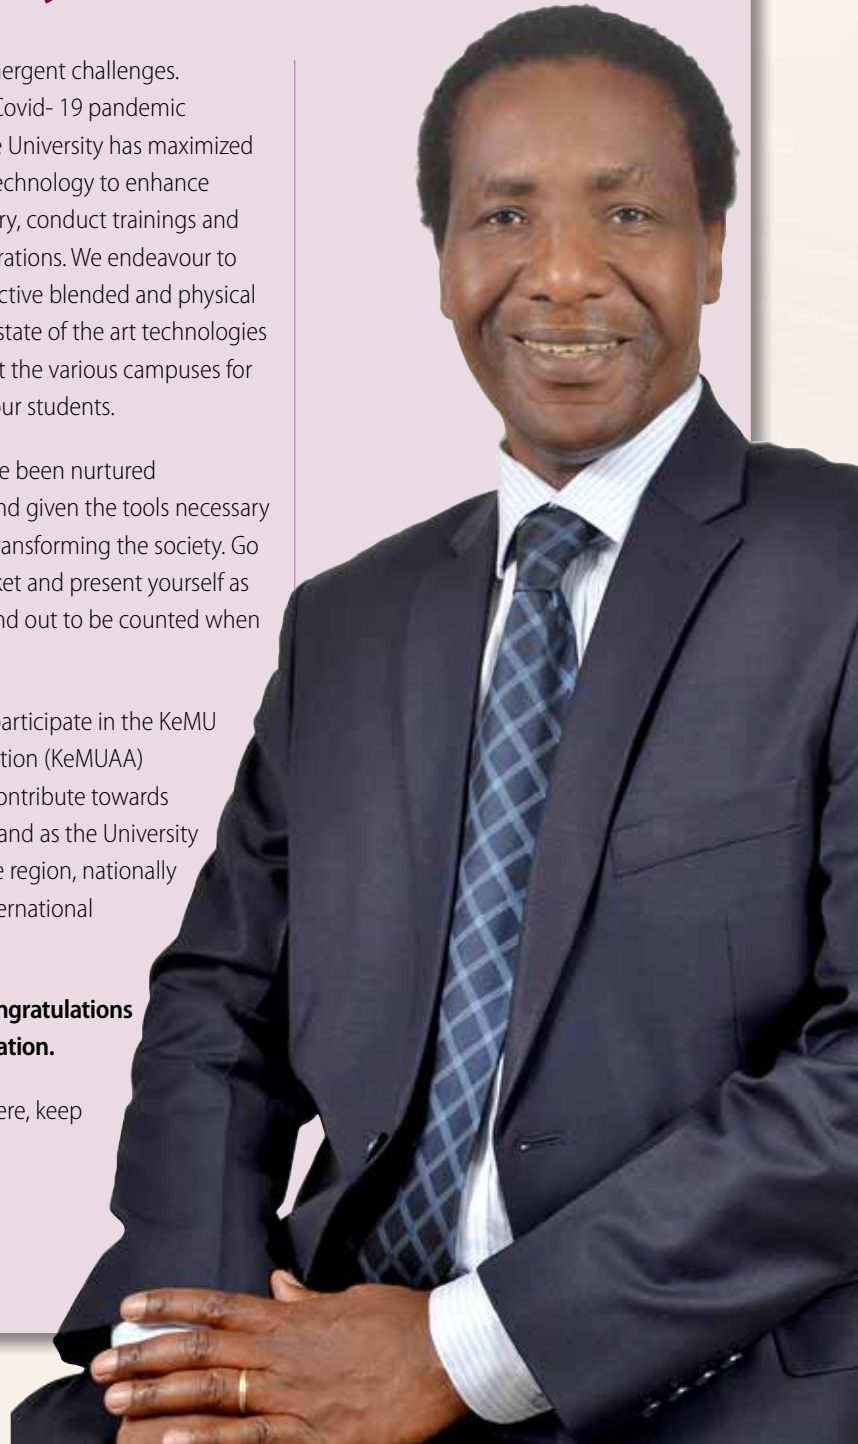

solutions to emergent challenges. Following the Covid-19 pandemic disruptions, the University has maximized on the use of technology to enhance curricula delivery, conduct trainings and streamline operations. We endeavour to promote interactive blended and physical learning using state of the art technologies and methods at the various campuses for the benefit of our students.

Finally, you have been nurtured academically and given the tools necessary to succeed in transforming the society. Go out to the market and present yourself as our agents, stand out to be counted when duty demands.

I invite you to participate in the KeMU Alumni Association (KeMUAA) activities and contribute towards building our brand as the University of Choice in the region, nationally and among international Scholars.

**Once again congratulations on your graduation.**

The Future is Here, keep it true!

#### MESSAGE FROM THE DEPUTY VICE CHANCELLOR, ACADEMIC & STUDENTS AFFAIRS

**Rev. Dr. Mary Kinoti** BD.MTh., PhD.

I am honored to join the KeMU community, your families, guardians and benefactors in celebrating the achievement of KeMU Class 2021! This is your victory that reminds us that every situation, despite the challenges that come along the way of life, has a happy ending! We particularly congratulate each one of you remembering that the 2021 global disorder of the COVID-19 pandemic, including the closure of the university, interrupted your studies a great deal. You have indeed fulfilled the words of Malala Yousafzai, the 2014 Nobel Peace Prize Winner, "It is when we go through some tough challenges that we learn about who we are and what we value in our lives!"

## Refined heart, mind and soul, what will be your essential service?

In this 2021 celebration, I also reflect with you on the whole meaning and purpose of a graduation. The word graduate comes from the Medieval Latin word 'gradus' meaning 'a step climbed towards something.' Figuratively, this is 'a degree of something rising by stages.'

In this same sense, I am persuaded to believe that everyone in this life is called to graduate, to step towards something – even when we do not even know what it is! By celebrating you today, we are all reminded that, likewise, we are also called to step toward something – even when we do not know what it is! I am confident that in your period of study at KeMU, we have equipped you well enough to step out as real graduates – complete in heart, mind and soul! Therefore, we commission you 'go ahead, lead the way and serve' – this is where the joy of life lies!

Similarly, I assure you today that, even though the path ahead of you may be very uncertain (and this is how life is anyway!), I am certain that the unrelenting energy of your academic journey, will definitely sustain you through life. May the values that you have acquired in KeMU, together with the tough spirit of fortitude and selflessness, help you succeed in whatever you will be called to do.

In every action, remember to be true to yourself and listen to the inner sound of your heart - amidst the drowning noise of this world! In addition, allow new thoughts to continually build you along this journey. Above all, we expect that the education we fete today had refined you in heart, mind and soul. Therefore, ask yourself every morning, "What is my next step to be successful in my chosen field of service to humanity?"

**Congratulations Class 2021 and may you enjoy divine favour!**

#### MESSAGE FROM THE DEPUTY VICE CHANCELLOR, FINANCE & ADMINISTRATION

## Building reputation of holistic excellence

CHEERS to our Graduating class of 2021! This is a great accomplishment. In the eyes of the world, you are now refined and cultured. And with this new status comes a heavy responsibility. With your new status we expect an increase of transformational leaders in the world.

Class of 2021, you have finalized your training in the midst of a pandemic and overcome the unexpected challenges through perseverance. You have learnt new survival techniques and overcome monumental challenges. This experience gives new thrust in life which need to be

built upon. You are now a stronger and you have found the creativity and determination you did not know you had. I am confident that we will be a resilient community and that each of you will not only persevere, but learn from this experience. Indeed, we all will learn much from this extraordinary challenge. This is what our country require.

At KeMU we will continue supporting you in every aspect as our alumni. We are proud of you and as you step out be our utmost ambassador. It is my utmost wish that you remain connected with your University through jointly engaging in various

initiatives. I know that the education you have received and the experiences you had gained during your time here in KeMU will serve you well in the years to come.

I wish you all the very best for the future.

**God bless you all.**

## MESSAGE FROM THE REGISTRAR, ACADEMIC AFFAIRS

**Prof. Peter Kihara**  
Registrar, Academic Affairs

# An intellectual graduate with a difference

**T**oday, KeMU releases to the world over 1,500 qualified men and women who have gone through rigorous academic training in a Christian environment over the years and are ready to make a difference at work place wherever they are globally. These young graduates are well equipped with knowledge and skills required to solve daily managerial and leadership issues arising at their work place.

More so, our graduates are well equipped to handle emergent challenges arising from social, political and economic disruptions witnessed globally in the recent past, one of it being the challenges emanating from COVID-19 Pandemic. They are also well trained to tackle ad-hoc situations and emergencies as it may arise.

KeMU graduates are trained to think fast, straight and to the point to facilitate them go for the best solutions. A good example is KeMU medical doctors (MBChB), being the first private institution to graduate doctors of medicine, over the last three years, KeMU has produced well-grounded and qualified doctors who have earned themselves admirations and accolades at their work places because of their uniqueness in handling daily emergent issues and situations apart from their routine work. KeMU medical doctors, while embracing our Motto "Laborare est Orare" meaning to work is to pray, have changed the world, made a difference and made the university proud of their performance at workplace.

The economies of the 21<sup>st</sup> Century are quite complex having witnessed increased use of technology in almost all spheres of human life. The proliferation of android technology and 4/5 G data networks has made it possible to carry

out global transactions at the palm of our hands in remotest areas in Kenya using computing devices in our hands and pockets every day.

Today, we talk and walk in a global village, a world, so small in the presence of advanced technology. It is possible for a doctor in Wuhan China to operate a sick patient in Kenyatta National Hospital in Kenya using medical technology.

Our MPESA technology has also revolutionized transfer and management of money and now it is being adopted and implemented on a global scale. With MPESA technology, it is possible to transact business (es) within a matter of seconds to the remotest part of our economy, the informal sector, mama mboga and boda boda, among other informal sectors, are all well covered within this MPESA economic framework which has changed the world.

Technology has also enabled many platforms to be activated such as the 5G technology by mobile service providers, the e-economy, e-government, e-passport, e-ticketing, e-booking, e-learning/digital teaching & learning and so on. As technology permeates to all facets of humanity, it also leaves a trail of challenges behind, like but not limited to climatic changes experienced in the recent past, the problem of e-waste management, exposure to harmful radiation, technology backwardness, the cost of technology, cybercrimes, terrorism among others.

The level of exposure given to KeMU graduates enables them to assist the government (s) and the society (ies) at large to identify, manage and solve these problems. COVID-19 itself has left a lot of technological challenges which the world is trying to grapple with like global supply chain of vaccines, cost, effectiveness and generation of vaccines, PPEs among others.

And to our graduands, "You have gone one chapter ahead but you are about to begin your greatest adventure in life". You must extend the proceeds of your academic blessings and give back to the society, you must be willing to take

risks, defy expectations and leave long lasting imprints that will differentiate you from other graduates. Remember KeMU has trained you to be unique, to be a solution giver and a blessing to the society! Remember that nothing worth doing ever come easily.

Following your convictions means that you must be willing to face criticism from those who lack courage to do what is right although they know what is right. We know that each one of you will be a warrior for the truth, for your country and society at large. We advise each one of you to do what is right and not what is convenient for you. Be true to yourself, your country and your beliefs. In your hearts KeMU has inscribed the values of service, sacrifice and devotion. Go to the world and turn your vision, hopes and dreams into reality.

As you embark on your professional journey, consider yourself an agent of positive change and architect of progressive transformation of the society. The world is looking for inventors of new products and innovators of the current existing products and services. As ambassadors of KeMU, be creative and innovative by using the knowledge acquired to challenge the conventional wisdom and eventually change the world!

Finally, it is my sincere hope that you have created lifelong friendships and networks with your colleagues and faculty while at KeMU. As you leave, continue to expand your horizons and networks in line with your dreams and vision. Remember, God will work and bless you through other people. Let the values and respect that you have learnt in KeMU be your perpetual light and guide you in all your professional engagements.

Be a respectable and a proud graduate of KeMU and let the world see your professionalism. We treasure you as our Alumni for the graduating class of 2021. May God's grace guide you through and grant you boundless opportunities as you go! Chao.

We will miss you big!

## Overcoming the challenges of the “new normal”

The last two years have been characterized by the new normal in all sectors. This has been occasioned by the Covid-19 pandemic that was first reported in 2019. This, however, did not dampen the spirit of the champions who are graduating this year. Your resilience and effort are notably and greatly applauded. The University is proud to release you to the market where you will make a difference. To the graduating class, we salute you for the well-deserved honours that you receive this day. Bravo!

In the administration and planning section of the University management, we feel a sense of satisfaction. We are indeed happy to have made our contribution to the whole journey of making the graduates we are celebrating this year. This has not been without challenges. However, we are contented no amount of challenges can overwhelm a united team. When COVID-19 came we did not fret. We immediately embarked on designing ways of addressing the challenges

of face-to-face learning by migrating to the digital platform. This move ensured continuity in learning. The results of that move are bare before us today.

Besides this, we embarked on a rigorous programme of domesticating all the protocols advanced by the Ministry of Health and that of Education in all our campuses to enable return to normal learning environment. Where it called for adjustments in the physical

space, personal protection or other measures, we complied. We are still at it and thank God that this far we have come we haven't experienced any major hitch.

Today we celebrate victory. To the 2021 champions, I can only wish you what a parent wishes a child they love most. Great success in your future endeavors. In the holy Bible in the book of John 16:33, Jesus intoned his disciples that there would be many challenges in life (naturally), but to take heart for he had overcome the world. It is with the same great message that I leave you today even as I challenge you not to try and avoid challenges but design innovative ways of overcoming them. Maybe, life as we know it would actually be very boring if it was devoid of challenges – or don't you think so? **Be blessed.**

success by facilitating access to diverse and quality information sources and services, which were particularly critical in moulding literary character, research behaviour, and ignited your dreams. Undoubtedly, the KeMU library is a place for inspiration, knowledge acquisition and discovery. You are now empowered with the requisite information and knowledge to help you cope and address the emerging challenges in the 21st Century.

KeMU Library invites you to engage and connect with us through various forums

continuously. Kindly let us know how we can continue to be of help to you and others. On our part, I assure you that KeMU Library will continue to utilize modern technology in networking, collaborating and in fathoming community development through facilitating access to information and sharing of knowledge.

**God bless you.**

## PRINCIPAL NAIROBI CAMPUS

**Dr. Susan Laimaru, PhD**  
Principal, Nairobi Campus

I am extremely delighted to share in the excitement of your graduation and am also very proud of you, our graduands of 2021. The academic year 2019 – 2020 was a very tough year but through

## Message to the graduating class of 2021

discipline, hard work, strong willpower, and Gods faithfulness, you are graduating today. The same virtues will make you keep your good reputation and that of Kenya Methodist University your next engagements.

Our role was to train you to lead independent lives upon completion of your studies. As you graduate, serve as our ambassadors and exercise the values of commitment to excellence, integrity, teamwork and accountability which we have imparted in you as an institution in order to succeed in life and make a difference to humanity.

On behalf of the entire Nairobi Campus family, I most sincerely congratulate each and every one of you.

My appeal to you our graduands, parents/guardians, and the entire KEMU fraternity is, to embrace and practice Pope Francis' message in his third encyclical letter 'Fratelli Tutti' on good neighborliness, brotherhood and inclusion of all.

Wishing you God's blessings in your future endeavors.

**Dr. Susan Laimaru, PhD**  
Principal, Nairobi Campus

## Finding your element

On behalf of Mombasa Campus, I join the KeMU fraternity in congratulating our Class of 2021 for this great achievement. I particularly thank God for giving you resilience and determination to persevere the tough journey that today you can confidently acclaim 'I finally made it!' "This is no mean achievement knowing that your learning experience was faced by many hurdles along the way, including the university closure after the global outbreak of COVID-19 pandemic in 2020.

I also note with much delight that you are the actual first-borns of the KeMU Virtual Learning transition after all teaching activities were migrated into the virtual space in May 2020. While this was a drastic disruption of the conventional in-class interactions, it marked a new journey of appreciating that flexibility into the hard dynamics of this life is inevitable. Having taken a significance

**Dr. Winfred Kithinji, PhD**  
Director, Mombasa Campus

part of your studies virtually, this graduation reminds us that a purpose-driven life can never be disrupted! Indeed, we celebrate today because you remained fixed on the eventual prize – 'to successfully complete your studies!' Congratulations!

In this ceremony, we are further convinced that your academic experience has given you enormous opportunities to explore the possibilities in yourself and the world around. This is what Sir Ken Robinson calls in his book 'Finding your Element'. As he argues,

## MESSAGE FROM THE DIRECTOR, MOMBASA CAMPUS

finding your element involves two things, a) an inward journey of discovering what lies within you and, b) an outward journey of exploring opportunities around you. As such, you are all challenged to step out and transform what lies ahead of you in the life of service, armored on the KeMU vision in raising a generation of transformational leaders. This is also possible because being in your element will give you the fullest energy to serve – the eventual calling of every human person in this planet! Similarly, do not underestimate the tremendous benefits of empathy, selflessness and courage to live true to yourself, which is the essence of finding your element!

And as Christ commands, you have been appointed to go and bear fruit – fruit that remain (John 15:16).

**Once more, congratulations Class 2021 and abundant blessings ahead!**

#### MESSAGE FROM THE CHIEF FINANCE OFFICER

**Humphrey Mwenda Murugu** BCOM,MBA,CPA(K),CIFA  
Chief Finance Officer

**M**y Congratulations to the graduating class of 2021 for your noble achievement. The graduating class of 2021 is a testimony of students who have been resilient enough to overcome the challenging learning environment under the COVID-19 pandemic. It was indeed worthwhile

## A resilient class of 2021 emerged strong in midst of challenging pandemic environment.

for the University to invest in necessary infrastructure and technology to enable teaching and learning to progress under the new "normal" environment.

The University ensured that your studies were not interrupted by the unprecedented times. I believe the pandemic provided an opportunity for you to be creative and innovative in handling challenges of life. This will definitely change the way you view the outside world especially the job market and any opportunities in life that will come your way. Today you have come out victorious despite all the challenges

and you are a testimony that resilience, perseverance and patience have great rewards.

As you graduate today, remember that the community is looking up to you to provide solutions to problems that have emanated as a result of the pandemic. It is expected that you will use the skills and knowledge learnt under these conditions to influence the society positively.

**Congratulations class of 2021 and I wish you God's blessings in all your future endeavors.**

## You have overcome!

**Rev Karani, J.P** University Chaplain

#### GOODWILL MESSAGE FROM THE UNIVERSITY CHAPLAIN

**"D**ear Friend, I pray that you may enjoy good health and that all may go well with you, even as your soul gets well" ( 3 John 1:2) NIV. We the Chaplaincy Department take this humble opportunity to congratulate all the 2021 graduands during this 21st graduation ceremony of Kenya Methodist University. We give all glory to the Almighty God for your success which is our reason for celebration today.

We pass our profound appreciation to the parents, guardians, staff, students and sponsors for choosing Kenya Methodist University to be your suitable place for attaining integrity, and both spiritual and physical knowledge, and have generously facilitated you in one way or the other to go through your studies.

Let me remind you that the world is rapidly changing, but always surrender yourself to God and He will endow you with divine wisdom as you serve and navigate through life issues.

As we undertake this noble task of training and producing holistic graduates, Kenya Methodist University Chaplaincy Department labors to foster Christian morals and spirituality, aiming at producing complete and knowledgeable leaders of high veracity and celebrated innovation.

Kenya Methodist University community also enjoys services like: baptism and Holy communion, spiritual guidance and prayers, marriage counseling, pastoral counseling, premarital counseling,

anti-alcohol and drug abuse counseling, interpersonal relationships counseling, pastoral care to children, adults, the sick and the bereaved, mentorship and leadership development; as organized and coordinated by Chaplaincy Department

We wish you God's blessings, protection and favor in your future endeavors.

**Congratulations!!.**

## GRADUATION MESSAGE FROM DIRECTORATE OF UNIVERSITY ADVANCEMENT AND MARKETING

**Dr. Stephen K. Maore** BEd, MBA., PhD.

**W**ith education there comes graduation, and with graduation there comes a proud moment shared by all of the academic enthusiasts of this world. It is one of the most memorable and cherishable events in life that has resulted from years of hard work, passion, and dedication. Overcoming difficulties is one of the things that graduation teaches us.

You have chosen the right path of completing your education as it is the only thing that will forever be yours. You were faced with a lot of uncertainties and challenges as you adopted the new normal in the higher education sector where the majority of learning was technology-based. You embraced all the challenges and now you emerge as a victor, having mastered the game of online learning.

No matter what you've studied in KeMU, may it be Computing, Medicine, Agriculture, Education, or Business, every member of the class of 2021 has received a profound lesson in dealing with

## "Be the solution that the world is looking for"

uncertainty, being resilient, and the power of technology. Embracing the new normal towards completing your academic journey was not easy. The world is engrossed with anxiety and unpredictability. Young and old, rich and poor, rural and urban, we are all living in fear as we try to fight the invisible enemy of the time – COVID-19.

As the Directorate of University Advancement and Marketing (DUAM), we maintain a close relationship with all our stakeholders. In support of the University's mission, vision, and values, our role is to serve all KeMU stakeholders as a collaborative partner in resource mobilization, enhancing university corporate image, stakeholder communications, community engagement, marketing, alumni coordination as well as establishing linkages with the industry.

In addition, the directorate facilitates student exchange programs to give our students a holistic experience as we prepare them for the job market, which has greatly improved our student employability.

You now join the alumni category, and it's our humble request that you will continue offering support to this great university by being our brand ambassador. You have a responsibility to support your alma mater whenever called upon. As Alumni you can support through

infrastructure projects funding, students' mentorship programs, and offering internship opportunities to our students, sponsoring needy students, offering advisory and professional support among others.

An organization's corporate brand image is reflected in the quality of its products. You are a KeMU product and your character directly impacts our brand image. The university values you and your timely feedback will play a critical role in enhancing customer experience. You may not have liked every moment of encounter, but the fact that you have completed your program is an indication that we are committed to ensuring quality service delivery.

I want to remind you of an essential trait that, as human beings, sets us apart from the rest of the creatures on the planet: our ability to choose how we respond to events beyond our control. This is where our true character is revealed. Viktor Frankl, the famed psychologist, Holocaust survivor, and author of *Man's Search for Meaning* summed it up best: "Between stimulus and response there is a space. In that space is our power to choose our response. In our response lies our growth and our freedom." I hope that we have given you the power to respond to world challenges.

Be the solution that the world is looking for.

**Dr. Esther Mbaabu**, PhD

## Congratulations Distinguished Graduands

**T**he class of 2021, on my own behalf and that of the members of the Students Welfare Department, receive our

heartfelt congratulations for completing your respective courses in the midst of a global pandemic. It is doubtless that your life was disrupted as there was unsurmountable stress coupled with untold uncertainty. However, you have emerged stronger and more resilient.

Thank you for giving us the opportunity to be a part of your journey. I am convinced that you will step out into the world with

confidence and the requisite abilities to tackle various issues that you will encounter. Indeed, I am convinced that you will impact great change in the world, given the values you have acquired while in this great university. Remember, that you can always reach out to us for counsel and support as you navigate your future. I wish you the best in all your endeavors.

**Dr Esther Mbaabu**

## MESSAGE FROM THE DEAN OF STUDENTS

## MESSAGE FROM THE DEAN OF SCHOOL OF BUSINESS AND ECONOMICS

**Dr. Kenneth Mugambi BA, MA, PhD.**

**O**n behalf of the School of Business and Economics (SBUE), I extend an honest compliments and best of blessings to the graduating class of 2021. I have no doubt that you will endeavor to serve as worthy representatives for the school and university by sustaining our reputation of holistic excellence. I believe that SBUE graduates are unique in that, regardless

## Building reputation of holistic excellence

of your chosen area of practice, all of you have the opportunity to enrich the lives of those around you. Deciding to pursue a serious learning endeavor like a PhD, MBA, BBA, MIR and DIR is an important life choice. It is a very wise investment in yourself and, probably, the best thing you can do to create exciting new professional opportunities. The payoff is not only professional, rather, many are surprised to discover, the return on investment is foremost personal, communal and national.

In the next phase of life, I challenge you not forget your School, lecturers, and fellow colleagues. I encourage you to

not only give back to the University by supporting school activities, programs and scholarships, but also by keeping us updated on the many achievements you will experience in your careers and personal lives. We will always take great pride in your achievements.

Lastly, I would also like to offer my sincerest congratulations and gratitude to the family members who have supported and encouraged you through the academic journey .

God bless you

## MESSAGE FROM THE DEAN OF SCHOOL OF MEDICINE & HEALTH SCIENCES

**Prof. Alice Mutungi,**  
MB; ChB., MMed, MPHIL., MSc

# We are proud of you!

**T**he School of Medicine and Health Sciences extends a warm welcome to all our graduands and guests, to the 21st Graduation ceremony for Kenya Methodist University (KeMU),

Our graduands, today we endorse your accomplishments. Your commitment in pursuing and successful completion of your various degrees and diplomas that will enable you to make a mark in

the world as future leaders, practitioners, researchers, and educators.

To help you in addressing the emerging challenges in the 21st century, we have provided you with attitudes, knowledge, skills and technological knowhow to ensure you are all effective and innovative critical thinkers who will interact well with colleagues, and the public.

To all School of Medicine and Health Sciences graduands; as current and future health professionals, we urge you to embrace inclusion without reservation because the people you will serve will come from all walks of life. We are confident that we have equipped you with the technological knowhow that will

help you in addressing the emerging challenges in the health sector, and are assured that you will achieve this from the holistic training through our distinct and demand-driven courses offered.

To all 2021 graduands, you are adequately empowered by your faculty and we applaud you for your individual and collective accomplishments. We are confident that in your future endeavors, you will represent KeMU as alumni who will impact the world in significant ways. The entire School of Medicine and Health Sciences faculty and staff are indeed very proud of you.

**Congratulations!**

### MESSAGE FROM THE DEAN OF SCHOOL SCIENCE & TECHNOLOGY

**Dr. Chao Mbogo.**

Dean, School of Science and Technology

**T**he School of Science and Technology congratulates all the students graduating today for their achievement and hard work. The school is home to innovative undergraduate and postgraduate programs. We have a stellar composition of faculty and staff who serve over 800 students within the departments of Computer Science, Agriculture and Natural Resources, Pure and Applied Science and Information Science.

The world is fast moving towards a knowledge economy, with Kenya's vision 2030 anchored towards its achievement. Therefore, today as you graduate from various disciplines, you have been mandated to contribute towards solving some of our most pressing socio-economic problems. As you integrate into the professional world and even seek to pursue your studies at a higher level,

you are reminded to also give back your skills to society through mentorship of others, training, and providing opportunities for those behind you.

This year's theme focuses on using your skills to foster the knowledge economy, which is applicable to all fields. Whether you are studying Agriculture or Business, Computer Science or Education, you have the ability to use your skills to solve various interesting problems in your communities. These can range from contributing to sound educational policies to designing tools and frameworks that revolutionize how your communities consume and use information.

In the school of Science and Technology, we are inspired by the hard work of our students who embody the spirit of innovation that is at the core of today's theme. For example, our students have won international awards and scholarships to attend prestigious conferences such as the Grace Hopper International Conference. Further, we have developed and maintained partnerships with the industry in order to strengthen linkages

with local and international stakeholders. This year alone, the Department of Computer Science secured a partnership with IBM Skills Academy with the Department of Agriculture getting into another partnership with the University of Gottingen, Sweden. We have also exposed our students to international opportunities that have expanded their expertise as well as their chances to be globally competitive. For example, in 2019 alone, over 10 students in Computer Science won scholarships to upskill themselves with advanced technical skills and certifications.

It is against this backdrop of achievements and the challenges in our modern world that I extend the call to you to harness everything you have learned in the past years, and use it for the common good in your communities. Your future is already here and you can go forth and create a better future for others, too.

### **Congratulations on your graduation!**

Best Regards,

**Dr. Chao Mbogo.**

### MESSAGE FROM THE DEAN, POST GRADUATE STUDIES

**Dr John Muchiri**, BSc., MSc., MSc., PhD.  
Dean, Postgraduate Studies

**C**ongratulations to class 2021 for the dedication and hard work that brings you to this graduation square today. This graduation ceremony confirms the confidence your parents' guardians, sponsors and you have on the quality of education offered at KeMU. Your commitment and focus on your goals have now yielded fruits. Remain focused, avoid the many distractions, and the temptation to relax as you now shine your way to the top. In addition to the academic qualification the

## Look Beyond The 'Work - Class Instruction'

university has instilled high moral values and standards on intellectual honesty and need for personal responsibility. These and many other attributes will propel you to success in life.

Our graduation theme 'Addressing Emergent Challenges in the 21st Century Through Technology Backed Holistic Education' is aimed at encouraging you to take advantage of opportunities by advancements in technology amidst many existing and likely challenges to have a niche for yourself as you offer solutions. Go provide leadership, display understanding, exercise patience and innovate whenever called upon by the society to show the way. At the national level, we are in the last mile towards vision 2030 when Kenya attains the middle-class economic status. Join hands with fellow citizens, take advantage of technology advancements and

pride yourself as an active contributor.

The directorate of postgraduate studies is proud to have been in the forefront in utilizing technological resources to ensure provision of services during the current Covid-19 pandemic period. We shall continue to ensure excellence in postgraduate research by organizing skills training seminars and workshops to both students and Faculty and by being available to answer your questions. We ask you to be our goodwill ambassadors wherever you are or will go hereafter. When it is time to advance in your careers, make KeMU your university of choice.

Now as you go into the world, inspire yourself to climb higher heights and build a community of excellence. Look beyond the 'world-class Instruction' and set up a higher bar!

## Congratulations!

**O**n behalf of the DVBL team, I want to convey our heartfelt congratulations to the graduating class of 2021.

Through the DVBL, KeMU has been able to ensure continuity and completion of your academic programmes. In addition, the skills acquired from interacting with Digital Campus technology makes you better prepared for the knowledge economy we are in today. With the various technologies you have been exposed to, we believe that you are ready to work and advance your studies remotely from any location globally.

In 2016, KeMU transitioned to utilizing the Canvas open-source Learning Management System (LMS) to facilitate the management, delivery, and assessment of our academic

**Mrs. Jenu John**

Director, Centre for Virtual & Blended Learning (CVBL)

programmes offered through the distance-learning mode of study. When the COVID-19 pandemic hit in 2020, we quickly adopted and used our LMS to teach and offer online examinations to ALL our students, a process that we have now wholly streamlined and recognized. The DVBL team continuously looks into new technologies to integrate with the LMS to deliver an exciting centralized learning hub.

In 2021, KeMU began implementing the Blended Learning policy. This will transform the delivery of teaching and learning in the University. To achieve the success of this new pedagogical approach, we are integrating technology with face to face sessions for all modes of study and building capacity for our faculty across the four Schools in our three campuses. We would like to thank everyone

who participated and helped us refine our policies, systems and capabilities to serve you better.

To the graduating class of 2021, Congratulations once again. We wish you the very best in your future endeavours.

**MESSAGE FROM THE  
DIRECTOR, RESEARCH,  
INNOVATIONS & EXTENSION**

**James I. Muthee**

Director, Research, Innovations and  
Extension

## Engines of development are determined by research and innovation. That's our domain

**O**n behalf of the research fraternity at Kenya Methodist University, I take this opportunity to congratulate the 2021 graduands for a job well done. You have managed another milestone in your life. May I also recognize the contribution of peers, supporters, family and the faculty. You deserve the celebration.

Research is a never ending quest for knowledge. It is the basis for which innovations are fashioned, and eventually

crystallized into applicable solutions for the myriad of problems affecting humankind. It is our belief that the wholesome training you have received has empowered you in many areas, including research. You will, from now henceforth be an beacon of light for your community to look up to in matters education and leadership.

The university research mandate provides an enviable environment in which one can freely explore their research interest, collaborate with a community of other researchers worldwide without losing their personal identity, and disseminate their findings through scholarly journal publications or in conferences and symposiums. It allows for the innovative

mind to evolve the bounds of extant applications and originate new ones.

To this end, the university wishes to continue partnering with you on this journey, even after graduation. We invite you to continue conducting research using our collaborative networks, and to publish your scholarly works in our multidisciplinary International Journal for Professional Practice (IJPP). We further extend a lifetime invitation to our annual conferences and symposiums, to engage with likeminded professionals as you grow. It is our prayer that you will keep on trusting in God, the creator of us all, and that His blessing will be yours, now and always.

**James I. Muthee**

#### MESSAGE FROM THE DIRECTOR, COMPETENCY, EDUCATION AND TRAINING

#### Mr. Nicholas Riungu

Director, DCET

**C**ONGRATULATIONS TO THE CLASS OF 2021 on your graduation. You have fought a good fight; you have finished the race, and it's now time to receive the crown of Glory.

The world is hungry and thirsty for men and women who shall provide solutions to the challenges of our society. The society seeks qualified graduate who can perform their

### Embrace Hardwork and Integrity to Serve the Society

duties selflessly and with integrity while seeking the good of the society beyond their personal good.

The university has adequately equipped your with the relevant competencies in your area, and also provided you with sufficient soft skills for the service to humanity. You have the necessary knowledge, skills and attitude necessary for identification of gaps in the society and being the bridge to fill that gap.

Kenya Methodist University is a leading institution in embracing Competency Based Education and Training. The University endeavors to produce competent graduates ready for the market as both employees and entrepreneurs. I urge you to be good

ambassadors of the University by applying the competencies acquired during your period of study.

Today you receive the powers to read and do all that appertains to your respective degrees. I encourage you to go out there, take your position and shine. Success in life depends on making the right choices, avoiding shortcuts and embracing hard work. I pray that God may grant you the grace to make the right choices, overcome the temptation to taking shortcuts, the desire for hard work and perseverance in challenges.

**Congratulations and success in all your future endeavors.**

**Dr Lucy Ikiara, B Ed, M Ed, PhD.**  
Director Quality Assurance and Curricula

#### MESSAGE FROM THE DIRECTOR, QUALITY ASSURANCE & CURRICULA

### Promoting the culture of continuous improvement

**G**raduation is a season to celebrate milestones! The Directorate of Quality Assurance and Curriculum takes this opportunity to congratulate the class of 2021 graduands and welcome their families and friends to join in celebrating this exceptional achievement. Looking back, it was all worth it!

The Directorate endeavors to systematically and logically monitor and evaluate programs and processes in the University to ensure they meet set standards. The Directorate is responsible for managing various functions and responsibilities which include but not limited to; processes and procedures related

to programme development, approval and accreditation, programme evaluation and reviews, evaluation of services, quality of students' assessment, quality of resources, recommendation on need-based training, engagement with external quality assurance frameworks and dissemination of best practices in quality assurance. In carrying out these functions and responsibilities, the Directorate works closely with schools, units and departments of the University. The Directorate also works closely with regulatory bodies. Our guiding principle is to promote the culture of continuous improvement in the University processes.

For the class of 2021, the University is confident that you will be competitive in applying the knowledge and competencies that you have gained over the years of your study. Always remember great words of Nora Ephron "Your education is a dress rehearsal for a life that is yours to lead."

**Congratulations!**

**MESSAGE FROM THE  
MANAGING DIRECTOR,  
KEMU HOLDINGS LIMITED**

**Mr. Martin Koome Muthuri**

Mphil Agricultural Economics (Moi University), Msc Horticulture (Moi University)  
Managing Director: KeMU Holdings Ltd

## Congrates!

**D**uring this 21st graduation ceremony, all the staff of KeMU Holdings Limited joins the KeMU fraternity in congratulating the class of 2021. Congratulations to the graduating class of 2021!! The road was not an easy one but now you have come to your desired destination. This destination is like being in an international airport. It can land you anywhere in the world.

As you go out, be agents of positive change. Make every effort that you can to be positive. Say good things about your career, your university, your friends, and

your family, and be happy. Positively view everything. King Saul thought Goliath was too big to fight while David thought he was too big to miss. To all the graduands this is not the end of academic life. Education continues forever. Do not rely on your understanding. Remember Hosea 4:6 "My people perish because of lack of knowledge". Continue seeking knowledge as knowledge is power.

Lastly, as you get the powers to lead and do all that appertains to your degree, remember to put God first in everything you do. Life may not be very easy out there but if you rely on Him all the doors shall be opened at His timing. The four lepers men's footsteps were magnified and the Syrians run for their life 2nd Kings 7:3-11. Imagine men with leprosy but making a resolution and their difficulties vanished. You don't have to be very strong to fight or very fast to win a

race, have faith, pray and leave the rest to God. Ecclesiastes 9:11 Your opportunity is coming. You may not have been the best in your class or you may not have much-needed experience but everyone has got his/her opportunity.

KeMU Holding Ltd (KHL) is a limited company where KeMU is a holding/parent company. The company profitably manages all the income-generating units of the university. KeMU has various income-generating activities. These are the University Farms at Kithoka and Marimanti, University Cafeteria, car parks, Hotel at Ruiri-Maua junction and the University Medical Center. These perform non-core businesses which generate substantial income to the University.

**C**ongratulations on your graduation, class of 2021. You belong to a unique group. The global impact of the Covid-19 pandemic during your studies did not prevent you from achieving your dream and we are proud of you. You have shown great strength and endurance. The coronavirus has caused many changes in the global environment, which have caused social changes in all sectors and especially in the health sector. As a transformational leader you are certainly being asked to be versatile enough to embrace and address the emerging challenges of the 21st century through holistic technology-enabled solutions. We have absolute confidence in your competence.

It's not the end of your KeMU relationship. It is just the beginning. You may not realize it, but the day you accepted Kenya Methodist University's offer of admission, you become a member of a lifelong community. In fact, you become part of a

family, not just a community. And, much like your own family, you will always be a part of the KeMU family.

The completion of your studies can bring a variety of emotions, ranging from relief that your studies are complete to grief as you prepare to leave the University and enter the workforce. But graduates also depart with a sense of satisfaction in their accomplishments and pride that we all experience as we see these remarkable people receive their degrees and begin their journeys.

Our alumni' accomplishments are both personal and societal. They indicate graduates' dedication to enhancing their skills in respective fields. The community expects you to use the information you have obtained from your education to better the community. True, the market brings unique problems, but we promise you that the programs you have pursued have provided you with a solid foundation, and if the community values and supports

the application of the knowledge you have gained, you will help to develop this magnificent country.

As you celebrate this milestone, try to turn a failure story into a success story by putting your acquired knowledge and skills into reality. Seize the future as you venture into a new normal as there are a number of options available to all of you. You have raised the bar for success, and it will be exciting to watch you improve our society.

The KeMU Alumni Association will continue to offer you the opportunity to actively connect and network with over 34,000 other KeMU alumni. We will also try to use your invaluable resourcefulness, your acquired skills because they can also be profitable to your Alma Mater. KeMU remains on the mission to continue providing high quality learning experiences and greater social impact to you and future fellow alumni.

**We wish you the best**

## PHD GRADUAND TESTIMONIAL

**Hon. Dr. Joseph Kaberia I. A., (PhD), MBS**  
Speaker, County Assembly of Meru.

**M**y doctoral program at the Kenya Methodist University (KeMU) has been an amazing journey. I have learned and experienced so much in such a short period of time. From the first day I joined KeMU, I felt at home. I have throughout my program enjoyed the best human resource ranging from committed Lecturers to highly skilled support staff.

Additionally, at my disposal was state of

## Harnessing Technology for Holistic Education

the art infrastructure which incorporated platforms for online classes, access to local and international journals, as well as online libraries. To support this infrastructure was the access to free WIFI and exceptional delivery of lectures in the form of audio, visual or audio-visual presentations that included virtual Classes.

In comparison to other institutions of higher learning, the depth and detail of what we have learnt is far beyond and above other similar institutions. KeMU has further instilled great discipline in me, taught me how to practice life, work and study balance.

The discipline has also been manifested in the sacrifice made to forego weekend activities that involve church, family and other social activities so as to attend classes. Additionally, the supervision of my thesis has taught me

the need to practice patience, perseverance and emotional control since consulting with supervisors required precision in the student - lecturer engagement.

Having undertaken my post graduate programmes at KeMU, I have had the advantage of practicing the application of theories and principles taught making it easy to address challenges at management levels. The KeMU experience is something everyone should get a taste of and I definitely recommend the university to anyone seeking a holistic learning experience.

In the words of Nancy Astor, 'real education should educate us out of self into something far finer; into a selflessness which links us with all humanity'. I pray that this becomes of us as we graduate today.

**Hon. Dr. Joseph Kaberia**

### STUDENT TESTIMONIAL

## Now I am a stronger and confident job applicant

of a new journey in life. Let's go out there and be change agents by contributing to the prosperity of our nation and the world as KeMU Alumni.

I would wish to express my priceless gratitude to the University Management, Academic and Administrative staff for ensuring a smooth running of our studies in the University. I sincerely thank the Student Welfare Department for not only complementing my studies through co-curricular activities but also nurturing me in the world of sports. When I joined the University in 2018, I joined the Handball Team and we participated in various University competitions, tournaments and

other friendly matches.

In 2020, I was mentored to be a football coach by Mr Hillary Mukasa, the university Coach. and a renown FKF Instructor. As a result of his mentorship, I became the bonafide Assistant Coach of the KeMU football team in 2021 in the FKF league after attaining a Basic Coaching Certificate and a CAF- D License certificate. Being the assistant coach of the KeMU football Club has been sentimental: A team that plays football with passion and style. Congratulations to the class of 2021.

**BRAVO!**

God bless you, God bless KeMU and God bless Kenya .

**F**inally, we have done it, class of 2021. We have completed University education in the midst of a global pandemic. No doubt life was disrupted but with the robust online-learning platform, we have overcome the unexpected. We have grown stronger and can proudly declare we are stronger job applicants. ## HONARIS CAUSA DEGREE

# Doctor of Divinity and Leadership (Honaris Causa) Rev. Dr. Richard J. Teal

The School of Education and Social Sciences identified, discussed and recommended Rev Richard Teal for conferment of the honorary Degree of Kenya Methodist University.

Mr. Chancellor Sir, It is now my pleasure to present to you Rev. Dr. Richard J. Teal, the former President of the Methodist Conference of Great Britain and Northern Ireland for the degree of Doctor of Divinity and Leadership (Honaris Causa)

Rev. Dr. Richard has had an outstanding ministry in Britain having trained at Wesley College, Bristol and been ordained to the Methodist ministry in 1984.

### Participation in community service in Britain and Education: Policy 2.6 (i)

Richard has demonstrated distinguished achievement in community service activities. His first posting was to Gateshead where he displayed his innovative skills by using Church buildings as a meeting place for the unemployed and as a base for Training schemes for the unemployed including providing debt counselling to affected persons after the closure of the Coal mines and Shipyards.

### Participation in community service: Policy 2.6 (i)

Richard has demonstrated distinguished achievement in community service activities in Scotland. At a very early stage in his ministry, Richard made sure that the Gospel of Jesus Christ was relevant to ordinary people in order to make a difference to their lives.

In 1987, Richard at the age of 28 was appointed Superintendent of the Berwick upon Tweed Circuit, which is on the borders of England and Scotland, and indeed Berwick has sometimes been in Scotland! This was a creative appointment by the Church to appoint Richard at such a young age to a post of such huge responsibility. The circuit was scattered but Richard used his huge energy to renovate a number of churches and the main church at Berwick experienced huge growth in numbers. The local Member of Parliament described Richard as 'The most pastoral, gifted and innovative minister he has met.

### Transformative mission of the University: policy 2.6 (ii)

Richard personifies the core value of the University as transformative leader. In 1995 Richard was appointed as the Superintendent Minister in the Beverley Circuit, East Yorkshire during a period when the church was divided. Rev Richard was able to turn the Church around, experienced growth of its congregants and was awarded the Prestigious Award for services to the community by the East Riding of Yorkshire. It was after this success and distinguished ministry, that the Church appointed Richard to be the Chair of the Cumbria District, which is equivalent to the role of Bishop.

### Reconciliation

This is at the heart of Richard's ministry. He initiated and established with other Church leaders the first ecumenical County in Great Britain. This was a huge achievement and has become the template for further ecumenical work in England. The Churches in Cumbria were thrilled when Richard was made an Honorary Canon of Carlisle Cathedral in recognition of his work.

### Crusader of people to live their lives on a large canvas

This is one of the aspects of his ministry. This was evidenced in the establishment of a partnership between The Cumbria Methodist District and the Methodist Church of Argentina.

### Scholarship contribution: Policy 2.6 (iii)

Richard is a rural specialist and has made scholarly contributions. In 2017 he co-edited a workbook to help promote and sustain an effective Christian presence in rural communities called 'A Discipling Presence'. The book is currently being used in the Methodist Church in Great Britain to help, support and enable rural mission.

### Distinguished achievements in community service: Policy 2.6 (ii)

Leadership roles can be hugely exacting, especially in times of crisis, and often provide a proving ground for capable leaders in the community. The region of Cumbria experienced terrible flooding rendering many people

homeless with large areas of the district were under water. During this period, Rev. Richard provided leadership, guidance and displaced empathy for the people by visiting the communities, encouraging distressed people and being part of the visit by the Prince of Wales. He also provided a prophetic voice to the situation in interviews with the press and on radio.

### Strong relationship with Kenya Methodist University.

Rev. Richard has had an outstanding ministry and is an excellent teacher and preacher. British Methodism is immensely proud to have him as their President. Earlier this year Richard and his wife Sue made an official visit to the Methodist Church in Kenya. This was a significant visit for Richard, Sue and for the Methodist people who met them.

### Provision of exceptional service explained/ significant contributing to Teaching, Learning and research) as per the policy 2.6(v) and Theology as per policy (ix).

Rev Richard funded the shelving of KeMU Library in support of core Business of the University. Rev. Richard facilitated the donation of Theology Books to KeMU from Methodist Universities abroad.

Rev. Richard conducted to various capacity building training sessions in Methodist Churches in Kenya in his Endeavour to build the body of Christ here in Kenya, Rev. Richard has spearheaded a partnership between KeMU, the Methodist church in Kenya and Great Britain to enhance learning, research and exchange programmes. Rev. Richard endorses mission partners for teaching and learning without pay.

It is out humble opinion that Rev. Richard Teal has made exceptional contributions to academia and to the betterment of culture and society internationally and development of KeMU, which merits him for this honor as per Policy (vii). Rev. Richard Teal has had an excellent ministry, has shown that he is a person of first class caliber.

Mr. Chancellor Sir, I now present Reverend Dr. Richard J. Teal to you for conferment of degree of Doctor of Divinity and Leadership (Honaris Causa).

## DOCTORIAL DEGREES

### DOCTORIAL DEGREES

## HYMNS AND ANTHEMS

**THE NATIONAL ANTHEM**

O God of all creation  
Bless this our land and nation  
Justice be our shield and defender  
May we dwell in unity  
Peace and liberty  
Plenty be found within our borders.

Let one and all arise  
With hearts both strong and true  
Service be our earnest endeavor  
And our homeland of Kenya  
Heritage of splendour,  
Firm may we stand to defend.

Let all with one accord  
In common bond united  
Build this our nation together  
And the glory of Kenya  
The fruit of our labour  
Fill every heart with thanksgiving

**East African Community Anthem**

Ee Mungu twaomba uilinde  
Jumuiya Afrika Mashariki  
Tuwezeshe kuishi kwa amani  
Tutimize na malengo yetu.

*Jumuiya Yetu sote tuilinde  
Tuwajibike tuimarike  
Umoja wetu ni nguzo yetu  
Idumu Jumuiya yetu.*

Uzalendo pia mshikamano  
Viwe msingi wa Umoja wetu  
Na tulinde Uhuru na Amani  
Mila zetu na desturi zetu.

Viwandani na hata mashambani  
Tufanye kazi sote kwa makini  
Tujitoe kwa hali na mali  
Tuijenge Jumuiya bora.

**NO NOT ONE**

There's not a friend like the lowly Jesus,  
No, not one! No, not one!  
None else could heal all our soul's diseases,  
No, not one! No, not one!

Jesus knows all about our struggles,  
He will guide till the day is done;  
There's not a friend like the lowly Jesus,  
No, not one! No, not one!

No friend like Him is so high and holy,  
No, not one! No, not one!  
And yet no friend is so meek and lowly,  
No, not one! No, not one!

There's not an hour that He is not near us,  
No, not one! No, not one!  
No night so dark but His love can cheer us,  
No, not one! No, not one!

Did ever saint find this Friend forsake him?  
No, not one! No, not one!  
Or sinner find that He would not take him?  
No, not one! No, not one!

Was e'er a gift like the Savior given?  
No, not one! No, not one!  
Will He refuse us a home in heaven?  
No, not one! No, not one!

**SHINE JESUS SHINE**

Lord, the light of your love is shining  
In the midst of the darkness, shining  
Jesus, Light of the world, shine upon us  
Set us free by the truth you now bring us  
Shine on me, shine on me

*Shine, Jesus, shine  
Fill this land with the Father's glory  
Blaze, Spirit, blaze  
Set our hearts on fire  
Flow, river, flow  
Flood the nations with grace and mercy  
Send forth your word  
Lord, and let there be light*

Lord, I come to your awesome presence  
From the shadows into your radiance  
By the blood I may enter your brightness  
Search me, try me, consume all my darkness  
Shine on me, shine on me

As we gaze on your kingly brightness  
So our faces display your likeness  
Ever changing from glory to glory  
Mirrored here may our lives tell your story  
Shine on me, shine on me
